POINT IN TIME COUNT

# Surveyors Needed

Join your community's count
and prepare for count day

## Help us better understand homelessness in our community

Join local surveyors to help count and survey people experiencing homelessness using the Counting Us mobile app. Your participation helps our community understand local needs and plan its response.

## 01 Register as a Surveyor

Sign up through the Surveyor Registration Portal. Your registration provides local organizers with the information they need to coordinate your participation in the Point Time Count.

Scan the registration QR code to get started. After registering, check your confirmatic email for instructions to set your account password.
